

EVERY DROP IS PRECIOUS

“designed to save you money
by saving water & energy”

DOG WASH SHOWER HEAD FITTING GUIDE, TO A SHOWER HOSE

N.B: The Dog Wash Shower Head is NOT suitable for use with electric or pumped showers. We recommend that when this product is used indoors you use a quality Every Drop Is Precious shower hose.

These fitting guidelines have been prepared to help you but you must exercise due care and attention at all times. We do not accept any responsibility for damage / problems that may occur through improper fitting or use.

ABOUT THIS PRODUCT:

The Dog Wash Shower Head has been designed for easy, less mess pet washing. Once fitted and the tap(s) / shower is turned on, you simply push the lever on the shower head for water to flow, and release to stop the flow. It ensures water, energy & money isn't needlessly wasted whilst you are busy shampooing / washing your pet. On 1st use only turn the tap / shower on slightly, to determine optimum water flow.

PARTS AND CONTENTS INCLUDED IN PACK:

1 Dog Wash Shower Head with pre-fitted back flow prevention device

CLEANING:

From time to time clean with a damp cloth to remove any scum or limescale build up. Please do not use abrasive chemicals as they may cause damage.

WARRANTY:

Covered under warranty for 2 years against any manufacturing defects. In the unlikely event that your Shower Head should be broken / faulty within the 2 year warranty period through no fault of your own, please contact us directly.

STEP 1 of 1

Unscrew your existing shower head from the shower or bath/shower mixer, and screw on your new Dog Shower Head.

TO USE: Simply turn on the tap(s) or shower and push the lever on the Shower Head to operate. You can adjust the water flow by using less pressure on the lever. If you find the pressure is too strong, then only turn the taps on half way. When you have finished using the Shower Head, **remember to turn off the taps!**

WARNING: It is important to always turn off the water after use, to avoid bursting the hose. the dog wash shower head cannot be used as a permanent water stop, and has only been designed to give a temporary shut off. The Dog Wash Shower Head CANNOT be used with electric or pumped showers. On 1st Use ONLY turn the tap / shower on slightly to determine water flow. Products are suitable for use with normal household water temperatures, do not use with water above 65C or with combined water pressures above 4 bar. Please note, this shower head is not a thermostatic controller, it will only provide a temporary shut-off solution and cannot control water temperature fluctuations caused by your water heating system.
