

EVERY DROP IS PRECIOUS

“designed to save you money
by saving water & energy”

“Quick Fit” All-In-One Tap Aerator & Adaptor Fitting Guide to a monobloc (round) Kitchen / Utility / Washbasin Sink Tap

These fitting guidelines have been prepared to help you but you must exercise due care and attention at all times. We do not accept any responsibility for damage / problems that may occur through improper fitting or use.

ABOUT THIS PRODUCT:

The Quick Fit Tap Aerator & Adaptor has been designed to offer a permanent sink tap aerator solution and enable the user to fit a shower hose quickly and easily to a sink tap by simply pushing the Shower Hose Adaptor into the special Tap Aerator Housing. The aerator provides a straight, non-splash, non-drip, aerated (air added) and nice to the touch water stream and will save you money, by saving water & energy. Perfect for people who like to wash their hair/pets etc in the kitchen sink.

PARTS AND CONTENTS INCLUDED IN PACK:

“Quick Fit Tap Aerator” in special casing (fits BOTH 24mm & 22mm male & female tap spouts (photo shows a male thread without the male/female adaptor)

Adaptor – attaches to the Shower Hose

PREPARATION:

Remove parts from their packaging and inspect for any transport damage prior to fitting. Turn off your tap(s) before fitting.

CLEANING:

Clean with a damp cloth to remove any scum/lime scale build up. Please do not use abrasive chemicals as they may cause damage.

WARRANTY:

Under warranty for 2 years against any manufacturing defects. In the unlikely event that product is broken / faulty within the 2 year warranty period through no fault of your own, please contact us directly.

Use on a Kitchen / Utility / Washbasin Tap (24 & 22mm):

1. Unscrew your existing tap regulator found at the end of your tap spout (if limescaled then you may need to use a pair of pliers & tea towel to loosen).

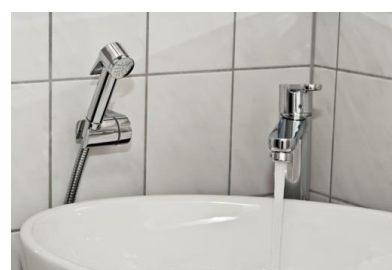

2. Insert the rubber washer and screw the “Quick Fit Tap Aerator” into your tap spout. Part comes with a pre-fitted metal adaptor to allow for a male & female tap spout - simply unscrew this adaptor to reveal the male thread if you have a female tap. The tap aerator once fitted, remains in place.

3. Attach the white shower hose adaptor by screwing onto one end of your shower hose and push onto the fitted tap aerator. On first use, only turn the water on slightly to ensure the seal is watertight.

Using the brilliant “Quick Fit Tap Aerator & Adaptor” with an Every Drop Is Precious thumb lever shower head on a washbasin tap...

...and now as a permanent tap aerator! Creates an aerated, straight, non-splash water stream!
